**CENTRAL SC H.O.G. CHAPTER #4772    JULY 2019    SPONSORED BY HARLEY HAVEN**

## TRISH'S TRAILS

Summer is officially here. Can you tell? What a change from being in New Hampshire! Y'all missed a great bike week. Lots of bikes, vendors, demos, a couple laps around New Hampshire Motor Speedway, hill climbs and riding around the beautiful state of New Hampshire.

On Saturday August 4th, Low Country H-D will bring the flag to Harley Haven as part of the Patriot Tour. We will carry the flag to Falcon's Fury H-D in Conyers, GA on Monday, August 5th. KSU at 8:00 am. This ride is open to everyone so pass the information along to your friends. Mr. Bernie will be our flag bearer again this year. The flag is in the western states at present and \$50k has been donated so far at about a quarter of the way through the route.

To all the volunteers who came out for Harley Haven's Father's Day event, thank you for volunteering your time. You raised \$326 for Carolina Sunshine. Hope to see everyone at our upcoming chapter meeting on July 2nd. If not, have a great 4th of July weekend celebrating our independence and ride safe.

Knees in the breeze,

*Trish Camarota*

## METZER'S MEANDERINGS

I always like to start out talking about the weather because these days it's a really *hot* topic. We did get a reprieve from the heat when the rain came after the recent long dry spell. The temperature and humidity were both abnormally low for this time of the year but, as you all know they both returned with a vengeance.

Our house remodel project is still moving forward, we finished the master closet built-ins, have all the floor down and I have about 200 linear feet of quarter round to put down before starting on the last project for this year, our guest bathroom. Our house break in last month was devastating to our feeling of security in our home but, the cameras and alarm system have helped ease our edginess some. We have yet to even talk to a detective or any other Lexington County Sheriff Department personnel, with the exception of the responding officer; I pray none of you have to experience this feeling of helplessness!

Shifting gears, I hate that the progressive dinner ride was thwarted due to the weather. The last time we had one it was a ton of fun, excellent food and great fellowship! The Father's Day event at Harley Haven had a huge turn out! Candi and I ventured out among the crowd to push 50/50 tickets for Carolina Sunshine while her hubby Scott manned the HOG table.

Everyone else was up to their backside taking care of the steady line of customers waiting for the hot dogs Russ was grilling to succulent perfection. I believe we raised somewhere in the neighborhood of \$180.00 for Carolina Sunshine, that's awesome, good job everyone! I almost forgot to mention congrats to Aaron, that lucky turkey won the custom painted Yeti cup!

Grinding my way in to third, Thank you Mr. Bernie for inviting the chapter to your birthday bonanza (AKA fish fry)! The food was amazing, as it is every year and Mr. Bernie (rock star) as always, was his loving, jovial and amazing self. I have to say, the support that the HOG chapter gives Mr. Bernie makes me proud to be a member! I am glad that our chapter is comprised of super people, doing super things that all love to ride motorcycles!

Well that's about enough meandering for now, may God bless you and your family! I pray that he will keep you safe during all your two wheel adventures!

*Bryan Metzger*

## BUG HUNTING

Hello everybody! I hope that you have managed to stay out of harm's way during the strong storms that we recently had. We really needed the rain, but could have done without the other stuff.

The chapter ride to Vickery's was changed due to the threat of strong storm that day. I chose a closer destination to avoid any weather related issues. D & H barbeque in Manning has been a favorite stop of mine for years. We meandered through the forest as if we had nowhere to be. We ventured through Fort Mott, a thriving community compared to Lone Star. As we rambled about, the roads began getting narrower until we eventually reached a sign that reads "ROAD ENDS". I'm sure by then the people following me were wondering if I knew where the heck I was going. A road turns off just before you go into Lake Santee at Low Falls Landing. We followed the lake shore for a while before returning to civilization in Elloree, and then continued on to Manning. It never did rain that day until later in the evening. Oh well, I can't always be right. (or can I ever be right)

I'm looking forward to some good rides coming up if I don't decide to change them too. Hey, sometimes a little mystery can be exciting.

Let's Roll,

*Brian Manges*

## RIDING B\*\*\*\* WITH MICHELE

I want to begin with sending our sincere condolences and prayers out to everyone who lost love ones from the horrible collision in New Hampshire. Another terrible reminder how important it is to pay attention when behind the wheel of any motorized vehicles.

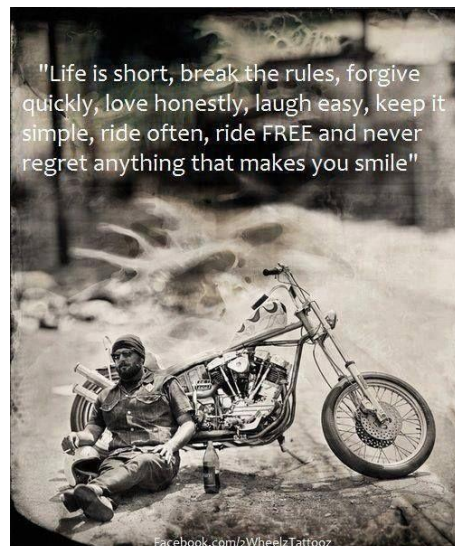

Well June wasn't very good to us for the progressive ride; Mother Nature took over that day. Going to try and reschedule it for another month that will work for everyone. I want to thank everyone who helped me out and helped for the Father's Day event at Harley Haven. We went through quite of bit of hotdogs in a short time. It was a good day overall.

Looking forward to hitting the tail at the end of July, it's going to be lots of fun. Britt is going to lead the group heading up and Joe is going to lead us around once we are there.

August ride is going to be another adventure with Kim leading us to Migs in Ninety Six. If anyone else would like to lead a ride or have a place they would like to ride to, feel free to let us know!

*Michele McLain*
