CENTRAL SC H.O.G. CHAPTER #4772 NOVEMBER 2020 SPONSORED BY HARLEY HAVEN

TRISH'S TRAILS

Fall is finally here! Cool mornings, warm afternoons, sounds like perfect riding weather to me. The last two chapter rides for the year are this month. Next month they will be the annual charity rides. The Toys for Tots toy run will take place this year and we should have more information to share at this month's chapter meeting on November 10th.

By now most of you have probably heard that two of our chapter members, Jeff and Wendy Robbins, were involved in a motorcycle accident in October. We are very grateful that their injuries were not life threatening but, it's going to take some time for them to recover. In an effort to make their life easier, we have started a Meal Train for them. All chapter members should have received an email with a link to the Meal Train. So click on the link, pick a date, it's that simple. All meals homemade or store bought will be appreciated.

You may have noticed at last month's meeting that our ride pictures were not on the TV screen. Wings and Ale has upgraded their cable equipment and the DVD player is no longer compatible. Please make sure you visit our Facebook page to see all the latest and greatest ride pictures. We should still be able to show the pictures at our After Christmas party. Speaking of the party - mark your calendars for Saturday, January 23, 2021. Our party will be at T and S Farms in Batesburg-Leesville and we'll have a sign-up sheet at our December chapter meeting. We're still working on the final details and will have more information available at the December meeting.

I would like to wish everyone a Happy Thanksgiving. 2020 has been a wild ride with everyone's lives impacted in so many ways. It makes you realize all of the things we take for granted that we should be thankful for. Have a fun and safe holiday!

METZER'S MEANDERINGS

I hope that this letter finds you and your families are doing well and staying healthy! Ahhhh November, it typically brings awesome cooler temps and pretty leaves around here but also, the dreaded time change! As I have gotten older, I find that the time change bothers me more and more. Just because the clocks says something different, my body still knows it's an hour later and feel like I am dragging booty for about a week. The thing that I dislike most about the time change is leaving my house to go to work in the morning its dark and when I get home from work in the evening its dark, that's just depressing!

Shifting gears, with the election behind us but, the results not being in yet leaves the country in limbo. I so look forward to not seeing the election or its pending results in the news. The last ten years there has been such a move in this country away from God and his moral standards that I believe politicians would sell their souls for political power. It truly makes

me sad to see the degraded state of this great nation, even the traditionally southern red states are turning purple!

Grinding my way into third, I have been sadly absent from the rides with work commitments or vacation causing me to miss them. That being said, I look forward to leading another breakfast ride to Shealy's BBQ on the 7th, the weather looks like it will be perfect! I know the food will be good, at the meeting, I hope to be talking about how many people showed up for the ride. Lastly, Shell and I came back last Sunday from a week-long camping trip in the North Carolina Mountains, it was beautiful! I really needed a vacation, lots of beer and hiking, I came back feeling refreshed! The weather was nice and cool but, the recent tropical storm went right over top of us. Our campground was nestled in between three mountain ridges and sheltered us so much from the winds that I never even had to bring our campers awning in, what a blessing from God! On a sad note, while camping in the mountains, I got news of our fellow Hoggies Jeff and Wendy going down. I was so glad to hear that they were going to be alright but, I also know that the road to recovery will be a long one, please keep them in your prayers! Well that's enough meandering for now, God bless you and your family! I pray that he will keep you safe during all your homebound or two-wheel adventures!

BUG HUNTING

Hello everybody! I hope everyone is doing well. I'm not a big fan of the time change, but along with that come cooler temperatures. I am definitely a fan of that. Hopefully there will be some opportunities to ride with the chapter with my gloves on.

Speaking of rides, I hope you will join me on a ride to Ninety Six for a cheeseburger. Maybe we will wear gloves, maybe not, but it will be a good time no matter what. The October chapter ride took us to Clinton for a pizza buffet. We had a good ride there with the exception of one curve that had some type of sand in the road that was invisible, but you knew it was there. A couple of us got squirrely on that curve. Dennis found it the week before. Be careful if you go through

that area. On that same day some of our members that were on another ride were not so lucky. Please be thinking of Jeff and Wendy Robbins, and help out if you can.

I would like to ask that you also keep Mr. Tony Green in your thoughts and hope for his continued improvement so that we can enjoy his company again soon.

Thanks to everyone that donated to the cutting board raffle. We raised nearly \$1000.00 for Carolina Sunshine!

See you soon,
Let's Roll,

Brian Manges
